FUTURE COMMITTEE MEMBERS

Our October meeting adopted a suggestion to expand the Committee with the idea of getting new members to start to learn the roles that others have taken off now for a few years with the view to stepping into these positions in the future. It would be a good thing to have someone who takes responsibility for grant applications, sponsorships and freebies of all kinds. Phil is seeking a colleague to work with him on Class Coordination. Talk to him about the role if interested. Talk to a Committee member to nominate for the Committee.

ENROLMENT

Enrolment will be at the Cottage in the last week of January (Tuesday 28th to Friday 31) Between 10am-noon. If this is absolutely impossible please use process above. When joining as a new member or trying to enrol in a new activity, please confirm space is available with relevant convenors as listed on website. Convenors are NOT collecting payments and forms.

We are asking existing members to complete a form with their payment, in order to update details.
