

## COVID SAFETY PLAN

The **purpose** of this Safety Plan is:

1. to ensure the safety of members when meeting face-to-face
2. to comply with DHHS Regulations which will be updated and varied from time to time

Following the issuing of Public Health Orders of the 22<sup>nd</sup> and 26<sup>th</sup> February 2022, many items that were formerly mandated for COVID safety are now recommendations only. These include:

1. Wearing face masks
2. Physical distancing
3. Density limits
4. Registration using the QR code.

There are now no mandated restrictions when using The Cottage.

## Best Practice and Safety Protocols

Some COVID safety measures will continue and are recommended by the Committee:

1. If you have a cold or flu or COVID-like symptoms, please do not attend
2. Use the hand sanitiser provided
3. Clean all surfaces used at the end of every session
4. Ventilate the rooms while in use
5. The kitchen may be used. For good hygiene, as there is no running hot water at the cottage, *please boil the jug to obtain hot water for washing used items*

## Individual Responsibility

The Committee will act diligently to protect your health and ensure that the Cottage is thoroughly cleaned on a regular basis. However, it is the individual's responsibility to respect and comply with the recommendations above and protect the health of other members.
