

<b>Data taken from UMAS July 2024</b>						
YEAR	Number of Activities				Number of Convenors *	Number of active members and % male
	Weekly	Various	One-off	Total number		
2019						116
2020	16	10	8	34		?
2021	22	26	20	66	34	221
2022	24	37	34	91	42	290 (1/3 23)
2023	27	34	56	116	58	325 (7/2 24)
2024 **	27	30	22	79	61	370 19.1 %

(\*) Number of members who have either acted as Convenor or Co-Convenor

(\*\*) Data taken in July

## Frequency of Measurements

Measurement of Number of Activities, Convenors and active member shall be taken at the end of the year as well as one measurement mid-year for the current year.

## Methods used to count number of Activities

To count number of activities use UMAS/REPORTS/ ACTIVITIES/

Goto [Download activities CSV](#) and use start date 2/1/20XX and end date 30/12/22xx. Tick the box [Include currently running between these dates](#)

This produces an XLS file. Select the column Frequency and do Filter followed by sort. Count number of One-off and Weekly, the remaining is counted under Various.

## Methods used to count number of Convenors

To count number of Convenors use UMAS/REPORTS/ ACTIVITIES/

Goto [CONVENOR](#) and use start date 2/1/20XX and end date 30/12/22xx.

Count number of Convenors and add to the count Co-Convenors only if they were not listed as Convenor. To be clear a member who both did act as Convenor and Co-Convenor is counted as one. A member who did not act as Convenor but only Co-Convenor is also counted as one. Easiest to do this is to printout the data and mark with a pen
